## **MEBLOCROSS Furniture Manufacturing Plant has 30 years experience in furniture production...**

Meblocross is a dynamically expanding family-owned company with 100 per cent own capital, which has existed on the market since 1984.

Ever since the establishment of our business, we have consistently strived to develop it, making full satisfaction of our customers our main priority. Our best reward and motivation for the future is the satisfaction of millions of clients buying Meblocross products.

We started from the production of meat cutting boards and paste-boards and soon became a leading manufacturer of these products in Poland. It must be added that a major part of our output at the time was exported, e.g. to Germany.

Following political changes and the establishment of the free market in Poland in 1989, we modified our business profile. We were the first company to launch TV stands on the Polish furniture market.

The product quickly gained popularity among customers. This success encouraged us to spread our wings. We extended the range of furniture, thanks to which we managed to quickly establish our presence on the Polish and foreign markets.

Thanks to a number of investments in modern technologies, our machinery stock incorporating computer-controlled machines of the newest generation, highly qualified managers and workers (a total of 200 employees), we have now left the competition far behind.

Today our offer includes TV stands, CD and DVD storage stands, hi-fi units, aquarium stands, hall sets, wardrobes, wardrobe sets, shoe cabinets, bedside tables, desks and computer workstations, chests of drawers, modular furniture, coffee tables, shelves and shelf systems, office furniture, bathroom furniture and kitchen furniture - a total of over 500 models.

It must also be stressed that all our furniture items are offered in a wide range of colours, matching any interior, which has given us the position of market leader in Europe in this product range.

We have achieved a worldwide success thanks to efficient management but - most of all - the top quality of our products combined with modern design and functionality. Our products have been granted numerous medals, awards and honorary mentions at various furniture industry events.

Currently, our furniture is sold at company showroom in Węgrów, in furniture stores all over Poland, in 30 countries around the world and on-line. We offer our customers a policy of competitive and stable prices, as well as timely and flexible deliveries.

We are trying to fulfil various and changing preferences of our customers by constantly introducing new furniture models, preceded by an analysis of customer needs and tastes and according to current market trends.

We regularly participate in leading furniture trade fairs in Europe, e.g. in Cologne, Seville, Madrid, Valence, Poznań, Katowice, Brest, Bern, Sarajevo, exhibiting our current offer.

Even though we have now set sail on the international market, we do not forget our local community, engaging in numerous charity, sports and education campaigns.

We hope that we will succeed in meeting customer expectations with regard to attractive visual qualities, functionality, durability and cost-efficiency of our products, while keeping up our rate of expansion.
